RESPONDENTS POSITIONAL STATEMENT

Case # 525-2022-02190

I am going to explain and discuss several facts concerning this case which are:

First and foremost, the fact of age discrimination is demonstrating by Dr. Santa Maria (neuro – psychologist) hired by the City of Buffalo to evaluate possible candidates for firefighter. Dr. Santa Maria mentions to me that concern about aging lower extremities. Specifically, he mentions my knees. I respond by stating that my knees are fine! This is the same response that I give to both the Fire Commissioner and the Human Resource Commissioner (February, 2022). They both ask about my knees at the appeal hearing that was moved up to benefit the defendant. Hearing was originally scheduled for later during week. Hearing was moved up by a phone call notice from Civil Service. The fact of the matter is that this is an adverse action by the defendant's based on pre- judging candidate without any experience on job.

Second fact is that I am a disabled Veteran. This is based on injury during service. I am considered to be in a protected class with regards to gaining employment. I think the city and civil service department committed an adverse action without realizing that I am a Veteran. I also did not realize that as a candidate for firefighter. I was eligible to receive extra points toward examination. I think it would have been 10 points.

Third factor is that the Neuro-psyche physician is a psychologist. Dr. Santa Maria is not an orthopedic surgeon! Why is he trying to evaluate me regarding my extremities? This also applies to both the Human Resource Commissioner and the Fire Commissioner. This is another factor of an adverse action by defendant.

The fourth factor is that the defendant's used arbitrary and capricious decision making regarding my physical and mental health. My physical health is that I am in better condition than 70-80 percent of current fire department. They seemed to be overly concerned about my age without indicating my age. They seemed to believe all of their critiques without any concern for disagreements. Specifically, I mentioned to them in written response. Dr. Santa Maria mentions anxiety and depression concerns. I had seen a psychologist at DENT neurology several years ago. It was never indicated by physician that I am unemployable??? This is another factor of an adverse action by defendant.

The fifth factor is that I requested a FOIL in writing at the Civil Service office. This was concerning wanting the names, addresses and candidates from the February 2021 firefighter class. My concern is that I would like to know if candidates lived outside city- and specifically the ages of the candidates. The defendant responded by via mail using a bunch of examples and stating they were not obliged to share information. This is another factor of an adverse action.

I scored an 89 on the written examination, passed the physical abilities test, and was qualified to move onto the next step in the employment process. I went for a psychological evaluation on or about January 2022. The professional conducting the psychological evaluation instead began assessing my physical fitness and indicated that I have aging knees. Following this evaluation, I was not considered to continue the employment process. There was an appeal date that I attended even after the Respondent changed the dates on very short notice. This gave me little time to perfect my rebuttal. During the appeal process, I was asked directly by the Respondent if I was qualified for employment to which I answered yes, both mentally and physically. Even still, I was not considered to continue the employment process. I believe the psychological evaluation was discriminatory based on my age, in willful violation of the Age Discrimination in Employment Act of 1967.</p>
